Tina:

I cannot get the MHI data until next week (see below). I will also try and use updated “number of households in a town” numbers as well.

Hey Jeff,

I can get you that, but unfortunately it will have to wait until next week. I am under a Friday deadline to get an economic impact analysis of invasive mussels done. Sorry for the delay.

Cheers,

Joe

Joe could you also send an update for the attached file? MHI and such? Thanks

As a matter of fact, we do! This data just came out this week; it's the ACS 2011-2015 5-year Estimates data. Let me know if you have any questions – thanks!

Joe

Joe:

Do you have an update list of ACS Household MHI? In other words, an updated version of the attached document? Thanks.

Jeff
